

## **New board of IAONA elected**

**Magdeburg, September 16th 2003. In the course of the 2003 membership assembly a new board for the platform organisation for industrial Ethernet was elected.**

During the membership assembly in Frankfurt am Main the current board was confirmed in its office, however Michael Volz of HMS choose to withdraw from the board. Dr. Guido Beckmann from Lenze Drive Systems has come new to the board as fifth Chairman of IAONA. Thus, the newly elected board consists of Bernard Dumortier (Schneider), Prof. Reinhard Keller (for Hirschmann), Heinrich Munz (Kuka Roboter), Katherine Voss (ODVA) and Dr. Guido Beckmann (Lenze).
