

New board of IAONA elected

Magdeburg, September 20th 2004. In the course of the 2004 membership assembly a new board and 2 new representatives of the members in the technical steering committee have been elected.

During the membership assembly in Frankfurt am Main, Germany, the current board was confirmed in its office; however Heinrich Munz of Kuka Roboter chose to withdraw from the board. Jürgen Gorka from WAGO Kontakttechnik was elected as successor and fifth Chairman of IAONA.

Thus, the newly elected board consists of Bernard Dumortier (Schneider), Reinhard Keller (for Hirschmann), Katherine Voss (ODVA), Guido Beckmann (Lenze) and Jürgen Gorka (WAGO Kontakttechnik).

The Technical Steering Committee (TSC) guides the entire technical work of IAONA which takes place in its Joint Technical Working Groups (JTWGs). Besides members of the board and representatives from the partner organizations IAONA's membership delegates two elected members directly to this body. Dietmar Franke (Contemporary Controls) and Steffen Schwipps (Jetter AG) have been elected by this year's membership assembly.
